fund relates (other than in connection with the transfer of the entire fund to the person acquiring such interest), whichever is applicable.

(2) For each taxable year of the nuclear decommissioning fund, the return described in paragraph (d)(1) of this section must be filed on or before the 15th day of the third month following the close of such taxable year unless the nuclear decommissioning fund is granted an extension of time for filing under section 6081. If such an extension is granted for any taxable year, the return for such taxable year must be filed on or before the extended due date for such taxable year.

(3) A nuclear decommissioning fund must provide its employer identification number on returns, statements and other documents as required by the forms and instructions relating thereto. The employer identification number is obtained by filing a Form SS–4, Application for Employer Identification Number, in accordance with the instructions relating thereto.

(4) A nuclear decommissioning fund must deposit all payments of tax imposed by section 468A(e)(2) and paragraph (a) of this section (including any payments of estimated tax) with an authorized government depositary in accordance with §1.6302–1.

(5) A nuclear decommissioning fund is subject to the addition to tax imposed by section 6655 in case of a failure to pay estimated income tax. For purposes of section 6655 and this section—

(i) The tax with respect to which the amount of the underpayment is computed in the case of a nuclear decommissioning fund is the tax imposed by section 468A(e)(2) and paragraph (a) of this section; and

(ii) The taxable income with respect to which the nuclear decommissioning fund's status as a large corporation is measured is modified gross income (as defined by paragraph (b) of this section).

[T.D. 9512, 75 FR 80701, Dec. 23, 2010]

§1.468A–5 Nuclear decommissioning fund qualification requirements; prohibitions against self-dealing; disqualification of nuclear decommissioning fund; termination of fund upon substantial completion of decommissioning.

(a) *Qualification requirements*—(1) *In general.* (i) A nuclear decommissioning fund must be established and maintained at all times in the United States pursuant to an arrangement that qualifies as a trust under State law. Such trust must be established for the exclusive purpose of providing funds for the decommissioning of one or more nuclear power plants, but a single trust agreement may establish multiple funds for such purpose. Thus, for example—

(A) Two or more nuclear decommissioning funds can be established and maintained pursuant to a single trust agreement; and

(B) One or more funds that are to be used for the decommissioning of a nuclear power plant and that do not qualify as nuclear decommissioning funds under this paragraph (a) can be established and maintained pursuant to a trust agreement that governs one or more nuclear decommissioning funds.

(ii) A separate nuclear decommissioning fund is required for each electing taxpayer and for each nuclear power plant with respect to which an electing taxpayer possesses a qualifying interest. The Internal Revenue Service (IRS) will issue a separate schedule of ruling amounts with respect to each nuclear decommissioning fund, and each nuclear decommissioning fund must file a separate income tax return even if other nuclear decommissioning funds or nonqualified funds are established and maintained pursuant to the trust agreement governing such fund or the assets of other nuclear decommissioning funds or nonqualified funds are pooled with the assets of such fund.

(iii) An electing taxpayer can maintain only one nuclear decommissioning fund for each nuclear power plant with respect to which the taxpayer elects the application of section 468A. If a nuclear power plant is subject to the ratemaking jurisdiction of two or more public utility commissions and any

such public utility commission requires a separate fund to be maintained for the benefit of ratepayers whose rates are established or approved by the public utility commission, the separate funds maintained for such plant (whether or not established and maintained pursuant to a single trust agreement) shall be considered a single nuclear decommissioning fund for purposes of section 468A and §§1.468A–1 through 1.468A–4, this section and §§1.468A–7 through 1.468A–9. Thus, for example, the IRS will issue one schedule of ruling amounts with respect to such nuclear power plant, the nuclear decommissioning fund must file a single income tax return (*see* §1.468A–4(d)(1)), and, if the IRS disqualifies the nuclear decommissioning fund, the assets of each separate fund are treated as distributed on the date of disqualification (*see* paragraph (c)(3) of this section).

(iv) If assets of a nuclear decommissioning fund are (or will be) invested through an unincorporated organization, within the meaning of §301.7701–2 of this chapter, the IRS will rule, if requested, whether the organization is an association taxable as a corporation for Federal tax purposes. A request for this ruling may be made by the electing taxpayer as part of its request for a schedule of ruling amounts or as part of a request under §1.468A–8 for a schedule of deduction amounts.

(2) *Limitation on contributions.* Except as otherwise provided in §1.468A–8 (relating to special transfers under section 468A(f)), a nuclear decommissioning fund is not permitted to accept any contributions in cash or property other than cash payments with respect to which a deduction is allowed under section 468A(a) and §1.468A–2(a). Thus, for example, except in the case of a special transfer pursuant to §1.468A–8, securities may not be contributed to a nuclear decommissioning fund even if the taxpayer or a fund established by the taxpayer previously held such securities for the purpose of providing funds for the decommissioning of a nuclear power plant.

(3) *Limitation on use of fund*—(i) *In general.* The assets of a nuclear decommissioning fund are to be used exclusively—

(A) To satisfy, in whole or in part, the liability of the electing taxpayer for decommissioning costs of the nuclear power plant to which the nuclear decommissioning fund relates;

(B) To pay administrative costs and other incidental expenses of the nuclear decommissioning fund; and

(C) To the extent that the assets of the nuclear decommissioning fund are not currently required for the purposes described in paragraph (a)(3)(i)(A) or (B) of this section, to make investments.

(ii) *Definition of administrative costs and expenses.* For purposes of paragraph (a)(3)(i) of this section, the term *administrative costs and other incidental expenses of a nuclear decommissioning fund* means all ordinary and necessary expenses incurred in connection with the operation of the nuclear decommissioning fund. Such term includes the tax imposed by section 468A(e)(2) and §1.468A–4(a), any State or local tax imposed on the income or the assets of the fund, legal expenses, accounting expenses, actuarial expenses and trustee expenses. Such term does not include decommissioning costs or the payment of insurance premiums on a policy to pay for the nuclear decommissioning costs of a nuclear power plant. Such term also does not include the excise tax imposed on the trustee or other disqualified person under section 4951 or the reimbursement of any expenses incurred in connection with the assertion of such tax unless such expenses are considered reasonable and necessary under section 4951(d)(2)(C) and it is determined that the trustee or other disqualified person is not liable for the excise tax.

(4) *Trust provisions.* Each qualified nuclear decommissioning fund trust agreement must provide that assets in the fund must be used as authorized by section 468A and §§1.468A–1 through 1.468A–9 and that the agreement may not be amended so as to violate section 468A or §§1.468A–1 through 1.468A–9.

(b) *Prohibitions against self-dealing*—(1) *In general.* Except as otherwise provided in this paragraph (b), the excise taxes imposed by section 4951 shall apply to each act of self-dealing between a disqualified person and a nuclear decommissioning fund.

(2) *Self-dealing defined.* For purposes of this paragraph (b), the term *self-dealing* means any act described in section 4951(d), except—

(i) A payment by a nuclear decommissioning fund for the purpose of satisfying, in whole or in part, the liability of the electing taxpayer for decommissioning costs of the nuclear power plant to which the nuclear decommissioning fund relates;

(ii) A withdrawal of an excess contribution by the electing taxpayer pursuant to the rules of paragraph (c)(2) of this section;

(iii) A withdrawal by the electing taxpayer of amounts that have been treated as distributed under paragraph (c)(3) of this section;

(iv) A payment of amounts remaining in a nuclear decommissioning fund to the electing taxpayer after the termination of such fund (as determined under paragraph (d) of this section);

(v) Any act described in section 4951(d)(2)(B) or (C);

(vi) Any act that is described in §53.4951–1(c) of this chapter and is undertaken to facilitate the temporary investment of assets or the payment of reasonable administrative expenses of the nuclear decommissioning fund; or

(vii) A payment by a nuclear decommissioning fund for the performance of trust functions and certain general banking services by a bank or trust company that is a disqualified person if the banking services are reasonable and necessary to carry out the purposes of the fund and the compensation paid to the bank or trust company for such services, taking into account the fair interest rate for the use of the funds by the bank or trust company, is not excessive.

(3) *Disqualified person defined.* For purposes of this paragraph (b), the term *disqualified person* includes each person described in section 4951(e)(4) and §53.4951–1(d).

(4) *General banking services.* The general banking services allowed by paragraph (b)(2)(vii) of this section are—

(i) Checking accounts, as long as the bank does not charge interest on any overwithdrawals;

(ii) Savings accounts, as long as the fund may withdraw its funds on no more than 30 days' notice without subjecting itself to a loss of interest on its money for the time during which the money was on deposit; and

(iii) Safekeeping activities (*see* §53.4941(d)–3(c)(2), *Example 3,* of this chapter).

(c) *Disqualification of nuclear decommissioning fund*—(1) *In general*—(i) *Disqualification events.* Except as otherwise provided in paragraph (c)(2) of this section, the IRS may, in its discretion, disqualify all or any portion of a nuclear decommissioning fund if at any time during a taxable year of the fund—

(A) The fund does not satisfy the requirements of paragraph (a) of this section; or

(B) The fund and a disqualified person engage in an act of self-dealing (as defined in paragraph (b)(2) of this section).

(ii) *Date of disqualification.* (A) Except as otherwise provided in this paragraph (c)(1)(ii), the date on which a disqualification under this paragraph (c) will take effect (date of disqualification) is the date that the fund does not satisfy the requirements of paragraph (a) of this section or the date on which the act of self-dealing occurs, whichever is applicable.

(B) If the IRS determines, in its discretion, that the disqualification should take effect on a date subsequent to the date specified in paragraph (c)(1)(ii)(A) of this section, the date of disqualification is such subsequent date.

(iii) *Notice of disqualification.* The IRS will notify the electing taxpayer of the disqualification of a nuclear decommissioning fund and the date of disqualification by registered or certified mail to the last known address of the electing taxpayer (the notice of disqualification). For further guidance regarding the definition of last known address, *see* §301.6212–2 of this chapter.

(2) *Exception to disqualification*—(i) *In general.* A nuclear decommissioning fund will not be disqualified under paragraph (c)(1) of this section by reason of an excess contribution or the withdrawal of such excess contribution by an electing taxpayer if the amount of the excess contribution is withdrawn by the electing taxpayer on or before the date prescribed by law (including

extensions) for filing the return of the nuclear decommissioning fund for the taxable year to which the excess contribution relates. In the case of an excess contribution that is the result of a payment made pursuant to §1.468A–3(g)(1), a nuclear decommissioning fund will not be disqualified under paragraph (c)(1) of this section if the amount of the excess contribution is withdrawn by the electing taxpayer on or before the later of—

(A) The date prescribed by law (including extensions) for filing the return of the nuclear decommissioning fund for the taxable year to which the excess contribution relates; or

(B) The date that is 30 days after the date that the taxpayer receives the ruling amount for such taxable year.

(ii) *Excess contribution defined.* For purposes of this section, an excess contribution is the amount by which cash payments made (or deemed made) to a nuclear decommissioning fund during any taxable year exceed the payment limitation contained in section 468A(b) and §1.468A–2(b). The amount of a special transfer permitted under §1.468A–8 is not treated as a cash payment for this purpose.

(iii) *Taxation of income attributable to an excess contribution.* The income of a nuclear decommissioning fund attributable to an excess contribution is required to be included in the gross income of the nuclear decommissioning fund under §1.468A–4(b).

(3) *Disqualification treated as distribution.* If all or any portion of a nuclear decommissioning fund is disqualified under paragraph (c)(1) of this section, the portion of the nuclear decommissioning fund that is disqualified is treated as distributed to the electing taxpayer on the date of disqualification. Such a distribution shall be treated for purposes of section 1001 as a disposition of property held by the nuclear decommissioning fund (*see* §1.468A–4(c)(2)). In addition, the electing taxpayer must include in gross income for the taxable year that includes the date of disqualification an amount equal to the fair market value of the distributable assets of the nuclear decommissioning fund multiplied by the fraction of the nuclear decommissioning fund that was disqualified under paragraph (c)(1) of this section. For this purpose, the fair market value of the distributable assets of the nuclear decommissioning fund is equal to the fair market value of the assets of the fund determined as of the date of disqualification, reduced by—

(i) The amount of any excess contribution that was not withdrawn before the date of disqualification if no deduction was allowed with respect to such excess contribution;

(ii) The amount of any deemed distribution that was not actually distributed before the date of disqualification (as determined under §1.468A–2(d)(2)(iii)) if the amount of the deemed distribution was included in the gross income of the electing taxpayer for the taxable year in which the deemed distribution occurred; and

(iii) The amount of any tax that—

(A) Is imposed on the income of the fund;

(B) Is attributable to income taken into account before the date of disqualification or as a result of the disqualification; and

(C) Has not been paid as of the date of disqualification.

(4) *Further effects of disqualification.* Contributions made to a disqualified fund after the date of disqualification are not deductible under section 468A(a) and §1.468A–2(a), or, if the fund is disqualified only in part, are deductible only to the extent provided in the notice of disqualification. In addition, if any assets of the fund that are deemed distributed under paragraph (c)(3) of this section are held by the fund after the date of disqualification (or if additional assets are acquired with nondeductible contributions made to the fund after the date of disqualification), the income earned by such assets after the date of disqualification must be included in the gross income of the electing taxpayer (*see* section 671) to the extent that such income is otherwise includible under chapter 1 of the Internal Revenue Code (Code). An electing taxpayer can establish a nuclear decommissioning fund to replace a fund that has been disqualified in its entirety only if the IRS specifically consents to the establishment of a replacement fund in connection with the

issuance of an initial schedule of ruling amounts for such replacement fund.

(d) *Termination of nuclear decommissioning fund upon substantial completion of decommissioning*—(1) *In general.* Upon substantial completion of the decommissioning of a nuclear power plant to which a nuclear decommissioning fund relates, such nuclear decommissioning fund shall be considered terminated and treated as having distributed all of its assets on the date the termination occurs (the termination date). Such a distribution shall be treated for purposes of section 1001 as a disposition of property held by the nuclear decommissioning fund (*see* §1.468A–4(c)(2)). In addition, the electing taxpayer shall include in gross income for the taxable year in which the termination occurs an amount equal to the fair market value of the assets of the fund determined as of the termination date, reduced by—

(i) The amount of any deemed distribution that was not actually distributed before the termination date if the amount of the deemed distribution was included in the gross income of the electing taxpayer for the taxable year in which the deemed distribution occurred; and

(ii) The amount of any tax that—

(A) Is imposed on the income of the fund;

(B) Is attributable to income taken into account before the termination date or as a result of the termination; and

(C) Has not been paid as of the termination date.

(2) *Additional rules.* Contributions made to a nuclear decommissioning fund after the termination date are not deductible under section 468A(a) and §1.468A–2(a). In addition, if any assets are held by the fund after the termination date, the income earned by such assets after the termination date must be included in the gross income of the electing taxpayer (*see* section 671) to the extent that such income is otherwise includible under chapter 1 of the Code. Finally, under §1.468A–2(e), an electing taxpayer using an accrual method of accounting is allowed a deduction for nuclear decommissioning costs that are incurred during any taxable year even if such costs are incurred after substantial completion of decommissioning (for example, expenses incurred to monitor or safeguard the plant site).

(3) *Substantial completion of decommissioning and termination date.* (i) The substantial completion of the decommissioning of a nuclear power plant occurs on the date that the maximum acceptable radioactivity levels mandated by the Nuclear Regulatory Commission with respect to a decommissioned nuclear power plant are satisfied (the substantial completion date). Except as otherwise provided in paragraph (d)(3)(ii) of this section, the substantial completion date is also the termination date.

(ii) If a significant portion of the total estimated decommissioning costs with respect to a nuclear power plant are not incurred on or before the substantial completion date, an electing taxpayer may request, and the IRS will issue, a ruling that designates a date subsequent to the substantial completion date as the termination date. The termination date designated in the ruling will not be later than the last day of the third taxable year after the taxable year that includes the substantial completion date. The request for a ruling under this paragraph (d)(3)(ii) must be filed during the taxable year that includes the substantial completion date and must comply with the procedural rules in effect at the time of the request.

[T.D. 9512, 75 FR 80701, Dec. 23, 2010]

§1.468A–6 Disposition of an interest in a nuclear power plant.

(a) *In general.* This section describes the Federal income tax consequences of a transfer of the assets of a nuclear decommissioning fund (Fund) within the meaning of §1.468A–1(b)(4) in connection with a sale, exchange, or other disposition by a taxpayer (transferor) of all or a portion of its qualifying interest in a nuclear power plant to another taxpayer (transferee). This section also explains how a schedule of ruling amounts will be determined for the transferor and transferee. For purposes of this section, a nuclear power plant includes a plant that previously qualified as a nuclear power plant and
